church met at the home of Mrs.
Frank Clark, of Oak street, Wednesday
afternoon, with an attendance of
18 ladies. The afternoon was spent in
preparing articles for the fair which
the society plans to give in the Buck-
ingham Memorial some time during
November. Refreshments were served
and a most enjoyable social hour was
spent on completion of the business
of the meeting.

**Watering Station Established in
Greenville.**
The Consolidated Railroad company
has established a watering station in
the vicinity of the Shetucket company.
A large tank has been located on the
bank of the river, with a steam boiler
and pump. The station has been placed
at this point because the water in
the Thames is too salt and dirty for
use in the engine boilers.

NORWICH TOWN
Letters from Cuba Describe Recent
Hurricane—Meeting of Home Mis-
sionary Society.

Mrs. Hattie Emmons of Blandford,
Mass., who visited in Norwich Town
last summer, writes from her winter
home in Havana, Cuba, ninety miles
from Havana, concerning the hurri-
cane, saying:

"Nearly every American and Cuban
home was either blown down or un-
roofed, and many Cubans lost their
houses, cattle and hens, and a few lives
were lost."

"It began raining before we left
Havana, but we reached Herradura
safely and went right to a neighbor's
whose house was safe through the hurri-
cane. Our house was unroofed and
blown from its underpinning. Where
we are the rain blew into the house
so that everything is wet and there is
no place to dry anything. In spite of it
all we are well and in pretty good
spirits. It has been raining and blow-
ing steadily ever since."

Herradura is a colony of 100 Ameri-
cans who have permanent homes there,
with a church, social clubs, etc.

Montauk Point for Ocean Steamers

Negotiations Under Way for Making it the Landing Point for Passengers—Freight and Passenger Boats to New London.

Negotiations are under way between
the White Star Steamship company
and the Long Island railroad for the
docking at Montauk Point, L. I., of
several hundred dollars and a negro
servant. After the first pier is built,
the steamship men say, work will be
pushed on a continuous system of such
structures stretching half a mile or
more from shore.

With from four to eight hours clip-
ped from the time of transatlantic
travel, the Montauk Point pier will
be only a short time when the
New York docks will be used chiefly
for freight. Some even say the big
piers built by the city along West
street may be used in time solely for
coastwise steamers.

The Long Island railroad is rushing
its terminal at Bay Ridge, where
there are boat connections with the
freight yards in New Jersey. From
Port Pond to New London, Conn.,
freight and passenger boats may speed
across the sound, connecting with
Connecticut railroads.

When the federal government has
told the Long Island railroad that
the White Star officials began nego-
tiations for the Montauk landing.
After the pier is built, the railroad
will be in practical control of the
handling of all transatlantic passengers
and freight. The federal government
has acquired enough land at Long
Island City and other important points
to carry all the freight shipping or dis-
tributing stations in the country.

The United States government will
have to build a custom house branch
somewhere on the Long Island shore.
The pier also will be confronted with
the question of handling mail from Mon-
tauk, and a pneumatic tube system may
be laid across the entire length of the
Island, under the East river and to the
postoffice in New York.

Montauk Point is now reached over
a one-track line to the Manhattan
railroad. But the new plan calls for
at least four tracks. Eventually six
tracks may be used, as there will be
fast trains, with electric cars and
dining cars, to rush through to Phila-
delphia, St. Louis and Chicago.

**MUCH BUSINESS AT
SHORT CALENDAR SESSION**
Many Motions Disposed of and Jury
Cases Assigned for Next Week.

There were 22 motions on the short
calendar list before the superior court
Friday morning, and of that number
eleven were postponed or went off the
list. Although there was much busi-
ness, the session was not a long one.
On a motion for default in answer to
plead, pleadings are to be filed in
the case of Taylor vs. the Connecticut
company, and the action was al-
lowed in the case of Bragaw vs. Cal-
loway, one week being allowed; also in
the case of New England Cigar &
Tobacco Co. vs. Schwartz, and in the
case of the Mystic Valley Water company
and Davis, Tr. vs. Harris. Two weeks
were allowed in the last named case.

On motion for a non-suit for failure
to file bill of particulars, two weeks
were allowed in the case of Yerrington,

granted in the case of Staples & Co.
vs. Hendrick. A bond of \$75 for costs
in the case of Samuel Levine vs. J.
Swatzburg and wife was given.
On motion for non-suit for failure
to plead, one week was allowed for an
answer in the case of Erickson vs.
Tubbs.

In the case of Rubenstein vs. Ruben-
stein, pleadings in one week or a de-
fault was ordered. It is desired to
place the case on the uncontested
list.

In the case of Perkins vs. Perkins
and others a motion to expunge has
been filed.

The motion of W. W. Ives, trustee
in bankruptcy, to be made a party de-
fendant in the case of Perkins vs. Per-
kins, tr. vs. Swatzburg, Jr., and others
and an answer asked in two weeks.
The same action was taken on a simi-
lar motion in the case of Perkins vs.
Howe vs. Raymond, tr. and others.

A jury was drawn and the follow-
ing cases were assigned for next
week:

Tuesday—Benjamin H. Hewitt, ad-
ministrator, vs. New Haven road; Mel-
vin M. Peters and others vs. Cornelia
Petter.
Wednesday—Mary Lyons vs. Peter
McRide, administrator; Lurie H.
Maine vs. Luther Gray et al., admin-
istrators; Bess Palmer, adminis-
tratrix, vs. Berndt Erickson; Alice D.
Perkins vs. James D. Latham and

trouble.

cum for a long term of years and was
well known as one of the old residents
of the place. Possessed her husband, Joseph

Men's Class in Congregational Church

the Taftville Congregational church.
The class is to meet on Sunday at 12
o'clock. So far about 20 have joined,
and K. E. MacFane has been
chosen president for a term of three
months. It is thought that this class
will be of great benefit to the mem-
bers and to the church and Sunday
school.

ployed in the Yantic mill, has resign-

**WOMEN'S ASSOCIATION
OF PARK CHURCH**
Annual Meeting Held With Many
Present—25th Anniversary of Soci-
ety—Only One President.

There was a large attendance at the
annual meeting of the Women's asso-
ciation of Park church, which was held
in the parlors of the Osgood Memo-
rial on Friday afternoon. Unusual
interest was taken in this meeting, as
it was the twenty-fifth anniversary of
the society, which has had but the
one president in this time—Mrs. Sam-
uel H. Howe.

These facts were fully empha-
sized and fittingly observed. Mrs.
Howe presided and opened the meet-
ing with devotional exercises. Inter-
esting reports were read from all the
societies combining to form the as-
sociation and including the various
activities of the women in the church.
Following the minutes of the last
meeting by Miss Gilman, Mrs. Howe
touched gracefully upon the year's
losses in membership, with affection-
ate mention of Mrs. Burzorne, Miss
Madeline Perkins, Miss Harriet
Pierce, Mrs. Baxter Kimball and Miss
Emily Gilman.

Reports from the Parish House as-
sociation were read by Miss Pullen,
Mrs. Frederick Symington, Miss Bliss
and Miss Sarah McKee. Mrs. Frank
W. Browning read the report upon
church charities, and Mrs. Junius
Bunnell gave that of the church interior
committee. Miss Howe described the
work of the flower committee and
Mrs. Henry T. Arnold that of the hos-
pital committee. A report from the
Sunday school library was read by
Miss Cogswell.

Mrs. Howe read a sketch of the
association, giving its history in brief
from its organization in October, 1885,
and noting the various officers and so-
cieties connected with it in that time.
Rev. Dr. Howe added a few words re-

lative to the future of the association
—pointing out three ways in which an
advance might be suggested upon the
work already being done.

Mrs. Edward E. Perry presented the
report of the nominating committee,
and these officers were elected:
President, Mrs. S. H. Howe; secre-
tary and treasurer, Miss Caroline Gil-
man; vice president, Mrs. H. H. Os-
good; Mrs. W. G. Henderson, Mrs. M.
A. C. Norton, Mrs. G. F. Ingalls
were made a member of the hospital
committee.

A social hour followed the meeting,
during which tea was served by Mrs.
Oliver L. Johnson, Mrs. Donald G. Per-
kins, Mrs. John F. Parker and Mrs.
Frank Bunnell.

Took a Wreck to Do It.
Mr. Ballinger has received a shaking
up at last. But on a railroad, not by
the investigators—Pittsburg Dispatch.

To guide airplanes which get above
the clouds at night, it is planned, in
